

Farnborough Road Infant School British Values at EYFS & KS1

We want our children to become responsible, active citizens who participate in democracy and public life with respect for diversity and a commitment to working towards greater community cohesion. Personal, Social, Health Education and Citizenship (PSHE&C) is at the heart of our school which emphasises the difference between right and wrong and respecting & tolerating differences in a very diverse and modern Britain. We have planned a curriculum that will enable children to make progress towards these aims. Through engaging lessons using our learning model and appropriate activities, we can give them all a better understanding of themselves and others in the 'community of communities' in which they live. We can secure and influence behaviour and attendance and encourage further involvement and commitment to education.
